§ 301.92-4 Conditions governing the interstate movement of regulated and restricted articles from quarantined areas.

Regulated articles and restricted articles may be moved interstate from a quarantined area² only if moved in accordance with this section.

(a) *With a certificate or departmental permit.* (1) Any regulated articles may be moved interstate from a quarantined area if accompanied by a certificate issued and attached in accordance with §§ 301.92-5 and 301.92-8 of this subpart, and provided that the regulated article is moved through the quarantined area without stopping except for refueling, rest stops, emergency repairs, and for traffic conditions, such as traffic lights or stop signs.

(2) Any restricted article may be moved interstate from a quarantined area only if the article is moved:

(i) By the United States Department of Agriculture for experimental or scientific purposes;

(ii) Pursuant to a departmental permit issued by the Administrator for the article;

(iii) Under conditions specified on the departmental permit and found by the Administrator to be adequate to prevent the spread of *Phytophthora ramorum*; and

(iv) With a tag or label bearing the number of the departmental permit issued for the article attached to the outside of the container holding the article, or attached to the article itself if not in a container.

(b) *Without a certificate or departmental permit.* (1) The regulated or restricted article originated outside the quarantined area and the point of origin of the article is indicated on the waybill of the vehicle transporting the article; and

(2) The regulated or restricted article is moved from outside the quarantined area through the quarantined area without stopping except for refueling or for traffic conditions, such as traffic lights or stop signs, and the article is not unpacked or unloaded in the quarantined area.

(Approved by the Office of Management and Budget under control number 0579-0191)

§ 301.92-5 Issuance and cancellation of certificates.

(a) An inspector³ may issue a certificate for the interstate movement of regulated articles if an inspector determines that:

(1)(i) The regulated articles have been treated under the direction of an inspector in accordance with § 301.92-10 of this subpart; or

(ii) The regulated articles are wood products such as firewood, logs, or lumber that are free of bark; or

(iii) The regulated article is soil that has not been in direct physical contact with any article infected with *P. ramorum*, and from which all duff has been removed.

(iv) The regulated articles are articles of nursery stock that:

(A) Are shipped from a nursery or premises in a quarantined area that is inspected annually in accordance with the inspection and sampling protocol described in § 301.92-11(a) of this subpart, and that has been found free of *Phytophthora ramorum*; and

(B) Are part of a shipment of nursery stock that has been inspected prior to interstate movement in accordance with § 301.92-11(b) of this subpart, and that has been found free of *Phytophthora ramorum*; and

(C) Have been kept separate from regulated articles not inspected between the time of the inspection and the time of interstate movement; and

³Services of an inspector may be requested by contacting local offices of Plant Protection and Quarantine, which are listed in telephone directories. The addresses and telephone numbers of local offices may also be obtained from the Animal and Plant Health Inspection Service, Plant Protection and Quarantine, Invasive Species and Pest Management, 4700 River Road Unit 134, Riverdale MD 20737-1236, or the APHIS web site at <http://www.aphis.usda.gov/travel/aqi.html>.

²Requirements under all other applicable Federal domestic plant quarantines and regulations must also be met.
